

AHMED ABDULRAHMAN

JUNIOR FRONTEND DEVELOPER

+(234) 9123676800 | [EMAIL](#) | [LINKEDIN](#) | [PORTFOLIO](#) | [GITHUB](#)

EDUCATION

B.Eng Chemical Engineering, ABU, Zaria.

Expected: 2025

PROJECTS

[INSTAGRAM CLONE](#)

- Cloned Instagram mobile ui using vue 3, Implemented a reusable modal in the app, I Managed page routing using vue-router. Built with custom reusable components. I utilized the component structure of vuejs.

[MULTIPLE REUSABLE COMPONENTS - VUEJS](#)

- I am working on multiple vue reusable components and composables which will be implemented in multiple projects when completed. Reusable UI components are very handy tools that speed up software development time.

[ALL OTHER PROJECTS](#)

- All other projects I have worked on can be found in my portfolio, in the projects section.
-
